Merge pull request #89 from puj-course/features-isabella

Extended description

docs: agregar nombre al README (#88)

This commit will be authored by isa.rodriguez1507@gmail.com.

Se realizó el push de la rama features-isabella al repositorio remoto y después se creó un Pull Request hacia la rama develop. GitHub verificó automáticamente la compatibilidad entre ambas ramas e indicó que no existían conflictos con la rama base, por lo que el merge pudo realizarse de forma automática. Finalmente, el Pull Request fue confirmado y los cambios quedaron integrados en develop.
